

# Let Us Play! on Campus

Support JNF's Indoor Recreational Center to  
Help the Children of Sderot Be Kids Beyond the Conflict

## Fifteen Seconds: The amount of time residents of Sderot have to get into bomb shelters when air raid sirens go off.

Due to a constant barrage of Kassam rockets, the children of Sderot are forced to remain indoors and need a safe place to play! Last March JNF built the largest indoor playground in Israel — a gift that has had a major impact on the residents of Sderot. This all-inclusive Indoor Recreational Center provides Sderot's youth with a place to have fun, connect with friends, and be children beyond the conflict. The children have a place to feel strong and free, away from their daily helplessness and anxiety, and parents have peace of mind knowing that their children are playing and learning in an environment that is safe and secure.

**But our job is not done yet!** There are additional costs involved for the maintenance and general upkeep of the structure, as well as the purchasing of games and toys.

## Program Goals:

- Raise money on college campuses to help purchase video and sports equipment, sponsor art, dance and much needed therapy classes, as well as to provide for the general maintenance and upkeep of the Sderot Indoor Recreational Center.
- Raise awareness on campus about the issues in Sderot.
- Inform students about JNF's work in Israel and get them involved.

## Raise Money by Organizing One of the Following Activities:

- Video Game Competition
- Scavenger Hunt
- All-Star Sports Tournament
- Chanukah Fair
- Greek's Play Dodgeball
